CLEAN AIR FOR KIDS!!

We are pleased to announce that since Jellystone Park NB is all about the children we have decided to make our park a smoking free area. If you wish to smoke/vape during your stay with us you will be required to do so inside your camper, RV or vehicle (with windows & doors closed). We will also have a designated area located close to the campstore and in Boo Boo Land so watch for signs showing these designated areas. With the new law brought forth by the Province of New Brunswick on July 1st, 2015 we felt that it was important to provide the children visiting Jellystone Park NB with clean air quality they deserve. Thank you in advance for your cooperation.
